

## WINDOW & DOOR FLASHING TAPE

Barricade® Building Products, the industry leader in pressure-sensitive adhesive technology, is proud to offer Barricade® Flash Extreme™ window and door flashing tape. Barricade Flash Extreme is an extremely aggressive, self-adhering window and door flashing membrane designed to provide a permanent weather-tight seal to protect from moisture, leaks, and air penetration when properly installed.

## SPECIAL FEATURES

- Tough, durable facer
- UV-resistant backing withstands degradation for up to 6 months of exposure.
- Easy to install — recommended use of hand roller to provide uniform pressure during installation
- Easy to remove release liner
- Compatible with Barricade® Construction Sealant™\*
- Improves energy efficiency by providing a barrier to air infiltration
- Exceeds all current AAMA 711 standards

For use on windows & doors, cornerboard abutments, sidewall sheathing seams, and deck-to-wall joints. For more information about Barricade's extensive line of flashing tapes, building wraps, and underlayment materials, contact your Barricade sales representative today!

	6" x 75'	8						
	9" x 75'	4						
	12" x 75'	4						

\*Barricade® Building Products recommends the use of Barricade® Construction Sealant™ for use with Barricade® Flash Extreme™. Barricade Flash Extreme is not recommended for use with solvent-based caulking and should not come into contact with flexible vinyl material. Use of Nashua® 357SA adhesive or Polyken 1033a primer may improve adhesion on some sheathing boards. Barricade® Building Products assumes no liability, expressed or implied, as to the architecture, engineering, or workmanship of any project. This information may be concurrent with, or superseded by other applicable documents. Contact Barricade Building Products for further information or technical support.
