

BARRICADE®
THERMO-BRACE® GUARD

Patent Pending

INTRODUCING THERMO-BRACE® GUARD

Patent-pending Barricade Thermo-Brace GUARD is an energy-efficient, structural sheathing that wraps around the corner of a structure, creating a complete enclosure that joins two separate walls into one continuous unit, while providing structural, weather resistant, air barrier benefits. Thermo-Brace GUARD stops air leaks and moisture penetration at corners and eliminates the need for corner flashing, saving time and money for builders, architects, contractors, and homeowners.

SPECIAL FEATURES

- Only Wrappable Structural Panel (Patent Pending)
- Replaces need to flash corners
- Stops air leaks and moisture penetration at corners
- Easy install with nail markings labeled on panel
- Easier installation of windows, siding and flashing
- Maintains a better thermal break over the studs
- Hinge feature on panel allowing easy installation
- 33" Wings on each side to hit two studs
- Lays Flat during shipment
- Three grades available: Green, Red, and Blue

SPECIFICATIONS

Technical Certifications	Sheets/Pallet	Nominal Thickness	Nominal Weight	Code Compliance	Standard Sizes*	Composition
Green TER 1507-07	250	0.075"	275 lbs/MSF	Structural up to 16" O.C.	66" x 96"	High-quality Long-fibered specially treated water and weather, resistant plies
Red TER 1507-08	200	0.095"	350 lbs/MSF	Structural up to 16" O.C.	66" x 108"	
Blue TER 1507-09	8', 9' = 150 10' = 135	0.120"	428 lbs/MSF	Structural up to 24" O.C.	66" x 120"	

*Custom Lengths Available
