

INTERIOR WALL PROTECTION

From the transport and setup of manufactured homes to the general longevity of your homes interior and exterior walls, Thermo-Brace® Interior Board provides the necessary protection to keep your drywall intact. Before adding drywall, easily install Interior Board as another layer between your drywall and studs using glue and fasteners. Interior Board is available with or without poly barriers depending on moisture needs. Also available with and without print.

SPECIAL FEATURES

- Lighter and easier to handle, cut, and install
- Reduces drywall cracking
- Adds to wall strength
- No indoor air quality concerns, no VOCs
- Stable pricing
- No formaldehyde used in the adhesive
- Custom heights & widths
- Glueable
- Made in the USA

A simple addition with proven benefits. For more information about Barricade’s extensive line of flashing tapes, house wraps, and underlayment materials, contact your Barricade sales representative today!
